

## TRADE CREDENTIALS - DIGITAL MOBILE

### **How do I register for the Digital Mobile Trade Credential?**

Prior year registrants have been provided a unique link sent in a previous communication.

If you have no prior relationship with NMMA, you will need to contact the Registration Department, [click here](#), to enroll in our system.

### **How do I receive the Digital Mobile Trade Credential once I am registered?**

We are no longer providing hard stock credentials to the 10 NMMA Discover Boating-produced consumer shows. All credentials are now digital. Once you are registered, your credential will be sent by email which can be displayed on your mobile device.

### **Are Trade Credentials sent to Registrants individually?**

Yes. Every registrant requires a unique email address to receive a digital credential. For security purposes you will be expected to show your digital credential on your mobile device each day upon entering the show.

### **Credential pricing for 2022-23 show season:**

#### **NMMA Members**

August 1 – March 15, 2023 — Complimentary

#### **Non-Members**

August 1 – November 15, 2022 — \$55.00

November 16 – March 15, 2023 — \$80.00

### **What if I misplace or delete my email with my credential by accident?**

For assistance contact [traderegistration@nmma.org](mailto:traderegistration@nmma.org).

### **Is there a cost to have my credential resent?**

There is no cost to have your credential resent.

### **Do I have to show my digital credential on my mobile device upon entering and leaving?**

To ensure the security of our **EXHIBITORS** you will be required to show your digital credential on your mobile device each day/time you enter the show—however, you will not need to present any other form of photo ID. This process will streamline your entry into the show and ensure only authorized personnel have access to the show outside of show hours protecting exhibitor's products and displays. You do not have to show your digital credential when you exit the show.

**Do I have to show an ID when entering the show?**

Your digital access credential with your *uploaded photo* is all you'll need to enter the show. We encourage you to provide name tags for you and your staff working the show.

**The Trade Credential site asks for an email and some of my staff do not have emails, can I just use my email address for all credentials?**

No. Every registrant requires a unique email. *We suggest creating a GMAIL email address for those registrants that do not have a company email address.* To ensure the security of our **EXHIBITORS** you will be required to show your mobile exhibitor badge on your mobile device each day/time you enter the show—however, you will not need to present any other form of photo ID. This process will streamline your entry into the show and ensure only authorized personnel have access to the show outside of show hours protecting exhibitor's products and displays.

**If I input everyone's email address, will they receive a lot of emails throughout the year?**

No. Emails will be sent for credential communications only. We do not share email addresses outside of NMMA.

**If I ordered trade credentials for John Doe and he can't make the show, how can I change the name?**

For assistance contact [traderegistration@nmma.org](mailto:traderegistration@nmma.org).

**If I have a Digital Trade Credential, do I have to register for a show specific exhibitor credential?**

No. The Trade Credential allows entry into all 10 NMMA Discover Boating-produced consumer shows 2 hours prior to show opening – same as an exhibitor credential.

**I'm a member of the Media – how do I register?** Media credentials should be requested on each show's website – found under the Media Center Tab. Valid media business card and I.D. must be provided to receive media credentials onsite if not ordered in advance.

**Security Protocols:**

We will also be following the latest CDC, state, and local guidelines to ensure your safety, as well as the safety of our staff and guests. As guidance comes in from officials, we'll continue to update and monitor our practices to ensure the best boat show experience possible.
