

Extreme Performance Gear Lube

**SAE 85W-90 Heavy Duty Lubricant for
Leading Performance & Extreme Racing Applications**

For Sterndrive & Outboard Racing Applications.

**Specially engineered to deliver maximum protection
under the most demanding marine conditions.**

**This Premium Gear Lube safeguards critical components
& ensures long-lasting performance.**

**It resists breakdown at elevated temperatures to maintain performance
& prevent horsepower loss.**

Reduces metal to metal contact

High-strength additives & tackifiers form a durable oil film lubricant.

Is a direct replacement for the Mercury Extreme Performance Gear Lube.
