

FOGGING OIL

CC ORDER NO.	Mfr. No.	SIZE
706-02721	272	340 g aerosol (14 oz.)
706-02751	275	4 L jug (1.06 gal)
706-02760	276	20 L pail (5.25 gal)

Professional Quality. Prevents engine corrosion during storage.
Captain Phab Fogging Oil coats and clings to metal surfaces to guard against moisture, condensation and acidic combustion by-products that lead to corrosion during storage or idle periods. Resists fouling spark plugs for an easy, trouble free start. Can be used to protect any internal and exposed engine parts, linkages, etc.

APPLICATIONS:

Marine - Inboard and outboard engines (2 or 4 cycles)
RV's - Small engines, generators, pressure washers
Recreation - Chainsaws, snowmobiles, ATV's, and lawn care equipment

Fuel Stabilizer

CC ORDER NO.	Mfr. No.	SIZE
706-03031	303	473 ml (16 oz.)
706-03041	304	4 L jug (1.06 gal)
706-03050	305	20 L pail (5.25 gal)

- Effective in all ethanol blended fuels
- Keeps fuel fresh for up to 12 months
- Ensures quick, easy starts after storage
- Eliminates corrosion saving replacement of fuel system components and need to drain fuel

Stabilizes fuel to protect against corrosive gum and shellac formulation.
 Protects against fuel deposits formation. Concentrated long lasting
 marine formulation for 2 & 4 cycle gasoline engines.
 Absorbs moisture to prevent corrosion and fuel degradation of today's
 ethanol enriched gasoline.
 Treat Rate: 1/2 oz. per gallon.
